

Direct Replacement LED T5

Achieve higher light outputs and energy savings with EnerGreen Technologies' LED T5. This lamp is compatible with all mainstream market F54T5/HO ballasts and can be used in 120V and 347V applications. It's direct fit capabilities and long lifespan make it a great replacement for existing fluorescent lamps.

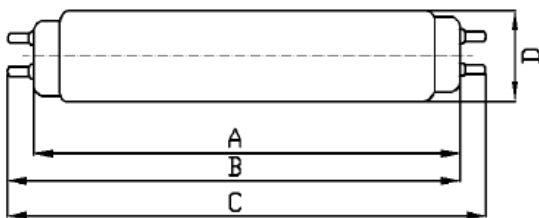

This LED T5 incorporates all the environmentally friendly benefits as other EnerGreen products, including no UV light and no mercury. Its instant-on feature also comes with no flicker or buzz, and a 180-degree beam angle that spreads illumination uniformly without hot spots or glare. These lamps are well-suited for general lighting, including offices, warehouses, and merchandise displays, along with more difficult applications such as refrigerator/freezer cases or high-vibration areas.

Features

- LED Chip Type: 2835 Epistar
- Input voltage: 120-277V/347V
- Wattage: 25W
- Lumen output: 3500lm
- Lumen efficacy: 140lm/w
- Colour temperatures: 3000K, 3500K, 4000K, 5000K
- Frequency: 50/60Hz
- Power factor: 0.9
- Ignition time: <1s
- Lens: Glass
- Life span: 50,000hrs
- Warranty: 7 years
- Replacement: F54T5HO

Dimensions

- A = 1149mm
- B = 1156mm
- C = 1163mm
- D = 16mm
